1. The following air activity and aircraft were observed at Erfurt-Bindersleben airfield between 10 January and 12 February 1968.
 - 10 January. At 1400, 2 MiG-15s or U-MIG-15s took off. Two went back jet fighters were seen landing at 1430.
 - 11 to 30 January. No air activity was observed. The sound of jet engines was heard at about 0830 on 17 January. The usual dispersal areas near the flight control station were occupied by 3 MiG-15s or U-MIG-15s on 18 January and by 2 aircraft on 21 January. One of the latter aircraft was apparently painted darker than the others.
 - 31 January. At 1535, 2 MiG-15s or U-MIG-15s crossed over Erfurt at an altitude of about 200 meters heading west. Their landings were not observed.
 - 1 to 12 February. No air activity was observed. Four MiG-15s or U-MIG-15s were regularly parked on the dispersal area next to the flight control station.
2. No changes were observed on the radio and radar installations.
3. On 1 February, 3 or 4 soldiers were seen in the AA gun emplacement while cleaning the AA gun nearest to the road.

1. Comment. Erfurt-Bindersleben airfield is believed to be occupied by an alert formation of MiG-15s. 25X1
2. Comment. The AA gun emplacement on the southern edge of the landing field has previously been confirmed. 25X1
